PUBLIC FORUM

Joe Eggenberger of East Seminole Street was in to ask if the street sweeper was back in commission since his street without curbs was evidently missed. He suggested all curbs within the village be torn out which
would eliminate leaves and water from standing on the road. He suggested once curbs are eliminated like on his street there would be no need for a street sweeper.

VILLAGE REPORTS

Public Works Director, Steve Kinkade, reported the a downtown well went down over the last week, but has since been repaired. The street sweeper has been fixed and is back in commission. The repairs at the filtration plant are underway.

Chief Henson reported that they are down to a hand full of candidates for the open full-time police officer position. They are currently running background checks on the remaining candidates. He also stated that there have been a few counterfeit bills circulating businesses in town.

COMMITTEE REPORTS

The Ordinance, Judicial & Licensing Committee met on Tuesday October 22, 2018 at 5PM in the Public Services Complex. Those present were Trustees Curtis & Irvin, along with Tom Tock, Tim Henson and Kevin McNamara. Chairman Curtis called the meeting to order by adding to the agenda new law changes to the Policy Prohibiting Sexual Harassment ordinance.

The committee continued review of the Zoning Ordinance. They reviewed the Home Occupation proposal and asked that the two final paragraphs from the Pontiac ordinance be included.

The committee proposed changes to the antenna/satellite dish section.

1. **Location:** No antenna tower or dish antenna shall extend above, across, under or over any public sidewalks, public streets or other public right of ways and shall have no wires or metal rods extending therefrom above, across, under or over any public sidewalks, public streets or other public right of way.

2. **All wires, rods and other connectors between antenna towers or dish antennas and the structure receiving services from the antenna towers or dish antennas must be located under-ground if ground mounted or securely attached to or located within the structure receiving service if the antenna towers or dish antennas are roof mounted.**

3. **Dish Antennas:** Satellite dish antennas in excess of thirty-six inches (36”) shall be allowed to be constructed only in rear yards or in interior side yards. A permit shall be necessary for their construction as an accessory use, which shall also conform to all requirements as stated in this Section.

4. **Other Television or Radio towers or Antennas:** Other radio or television towers or antennas shall need a permit for their construction as an accessory use. The height shall be limited to 55’ for all zoning districts, shall be constructed or installed in rear yards or on those portions of roofs of buildings facing the rear yard and shall not be more than three feet (3’) from the principal building.

5. **Compliance with Federal Provisions:** All radio and antenna towers shall comply with all applicable FCA and FAA requirements.

Regarding District Boundaries and the Flood Plain, Section 6.03 please add “Section 10.00, Flood Plain District does not follow lot lines.” In Section 9.00: Industrial Districts, add the following uses to permitted uses:

- Agricultural services and sales
- Automotive Repair
- Construction and Contracting companies
- Governmental Buildings
The committee recommends leaving the Planned Industrial District as is and making one change in Off-Street parking to lower required spaces for automobile laundry from twenty stacking spaces to ten stacking spaces.

The Committee reviewed the new law which required a change to the Policy Prohibiting Sexual Harassment. Public Act 100-1066 expands the time to file charges of discrimination with the Illinois Department of Human Right from 180 days to 300 days. The committee recommends the change.
